DASHANG
大上电器

For 23 years, dashang has dedicated to meet the needs of various segments in the global commercial refrigeration field, relying on exceptional craftsmanship, creativity, quality, and synergy.

Our product range includes refrigerated display cabinets, stainless steel cabinets, refrigeration units, and panels, catering to the various needs of retail, food and beverage, and Ho.Re.Ca. markets, providing a one-stop shopping service.

We consistently commits to learning from global markets, providing partners with the latest market insights, extensive product experience, and reliable products, to benefit the partners' brands and their final users.

DASHANG'S PRODUCTION CAPABILITY

Dashang's production capabilities are marked by advanced technology and a commitment to efficiency. Our manufacturing facilities, equipped with state-of-the-art machinery and spanning extensive areas, enable us to produce a wide variety of commercial refrigeration products.

The integration of automated processes and rigorous quality control systems ensures that our products meet the highest standards of reliability and performance. With a focus on innovation and sustainability, Dashang continually adapts its production methods to align with global market demands and environmental considerations. This robust production infrastructure positions us to effectively serve our diverse clientele across the world.

GLOBAL SERVICE NETWORK

Over the past decade, Dashang has provided outstanding refrigeration services and products to customers in more than 60 countries around the world.
